SONGS

We've Come a Long Way Together

Here is to the dearest class we know
As far out into the wide wide world we go
Yes, Another year has gone and here we are
Still hitching up our wagon to a star.

We've come a long way together
Since we took up the gold and the blue
We've weathered all kinds of weather
The clouds and the bright sunshine too.
Why talk of the ties soon to sever
When we have love to keep our hearts aglow.
We've come a long way together,
And we still have a long way to go.

We've come a long way together
With a goal and a purpose in view;
We still press on faltering never,
To our school and our colors we're true.
Our lives, our careers just beginning
We still have love to keep our hearts aglow,
We've come a long way together,
And we still have a long way to go.

Commencement Song

Goodbye, goodbye, the time has come to part,
Into a different life we now will start.
Farewell to joys and cares of High School days,
We now must leave and go our separate ways.
Our hearts are heavy as we bid adieu,
There's nothing that we hate so much to do.
The happy days that we have spent are o'er,
But memories will linger ever more.

Chorus:

Gone are those happy days that Heaven sent,
If we could live them o'er we'd be content.
But they are gone forever from our view.
Farewell, farewell, 'tis sad to bid adieu.

Now let our thoughts turn toward our future life
And our happy hearts rejoice to day.
There is no time for sadness of farewell
No time for tears, no time for idle play,
How bright have been our High Schools Days so dear
But now, at last, we've left them all behind
And on into the sunny days ahead
We'll turn our every thought, our hearts, and minds.

Gone are those happy days Heaven sent,
If we could live them o'er we'd be content.
But they are gone forever from our view.
Farewell, farewell, 'tis sad to bid adieu.

The Banquet Now is Over

Our hearts are thrilled as they ought to be
And tonight will live in our memory,
When all our high school days are over,
And we have gone, and we have gone.

Our words all mean what they ought to mean
They are all inspired and they're not routine,
We regret the time has come for parting,
To say goodbye, to say goodbye.

You look so fine, yes so very fine,
That we wish good luck for you all the time,
And when all our high school days are over
We'll leave to you the Senior's place.
