# SUMMER READING 2014

## RANDOLPH COUNTY PUBLIC LIBRARY *news*

The Smartest Card  
Get it. Use it.  
@your library

volume xxi no. 11 • May-June 2014

[randolphlibrary.org](http://randolphlibrary.org)

**Join us this summer at all seven libraries for over 160 storytimes, performances, hands-on activities, movies and more, built around a science theme, for children, teens and adults — FREE!**

### KIDS: FIZZ, BOOM, READ!

Sign up at your library to track books, hours or pages read in return for reading rewards. Two big programs will anchor the summer at each library: Steve Somers, the Amazing Teacher, in June, and Mad Science of the Piedmont in July. In addition, the libraries will feature events such as Fish the Magish, Big Bang Boom, Snakes Alive with Ron Cromer, Irania Patterson of Criss Cross Mango Sauce, and more. Science activities will include beekeeping, butterflies, crime scene investigation, spaghetti engineering, meteorology, birds of prey and much more!

See inside for complete details.

### TEENS: SPARK A REACTION!

Track your reading for a chance at prizes! Then join us for hands-on robotics events; meet author Brendan Reichs; talk about *The Fault in Our Stars* as the movie is released, learn about space during a visit from NASA, and much more — and of course get ready for the return of LEGO Mania! See back for complete details.

### ADULTS: LITERARY ELEMENTS

Track your reading and write reviews for a chance at prizes including Kindle e-readers. Hear about the top 10 food day trips in the Piedmont and Sandhills; get tips on mindfulness; learn about natural supplements and vitamins; make corn husk dolls and book angels, and find out how to be “weatherwise.”

See complete schedules on back.

The Summer Reading Program is primarily sponsored by Friends of the Library and a Grassroots Grant from the Randolph Arts Guild via the North Carolina Arts Council.
