PRESIDENT'S MESSAGE

Our club year, 1990 - 1991, has been another rewarding and successful year.

The past two years that I have been your president have been very meaningful for me. Your teamwork as a club has helped us accomplish all our goals and made being your president a joy.

Some of the things we have done over the past year are:

Sold donations on a Historical Quilt made by Belva Hancock. This netted us \$2100. to donate to the new Archdale Public Library.

We adopted a child thru the Foster Parents Plan International, which we will be continuing again this coming year.

Some of the awards we won were the Martha Morgan Stunda silver tray for our 1989-1990 scrapbook. First place for our newsletter, which was sent to the NCFWC State Convention competition.

Two of our members took the Golden Age Club to a Christmas breakfast.

We adopted a bird at the North Carolina Zoo.

Donated a jungle gym to Creekside Park in Archdale. In addition to these projects and many more, we continued our Ways and Means project by serving meals to the Archdale-Trinity Lions Club, twice a month.

I am looking forward to our new club year with Belva Hancock as our president.

Thanks to all of you for being my friends.

Sincerely,
Joyce Varner

The Clubwoman's Hymn

Music by
Ethel Abbott

Words by
Soutball Cotten

1. With joy we meet, each friend to greet, From mountain and from sea; Hand
2. A fire with zeal we seek the weak, Of na-tion state and home; That
3. Let com-an-hood A- rise in all it's might; With

clasped in hand, as one we stand, In Faith and Loy-al-ty. We
all may share, in our wel-fare, And none be forced to roam. Al-
pur- pose strong, to right the wrong, And make earth's path-way bright. God

love our work, no task we shirk, We serve where needs are found; A
ways we seek, to lift the weak, To help the strong grow wise; To
guide us in our work and play, God keep us brave and true; Our

good deed done, is for each one, To make more joy a- bound.
fill our hearts with love and peace, That we with them may rise.
eff-orts bless, and bring suc-cess, To all we strive to do.

A Collect for Clubwomen

Keep us, oh God, from pettiness;
let us be large in thought, in word, in deed.

Let us be done with fault-finding
and leave off self-seeking.

May we put away all pretense
and meet each other face to face,
without self-pity and without prejudice.

May we never be hasty in judgment
and always generous.

Let us take time for all things;
make us to grow calm, serene, gentle.

Teach us to put into action our better impulses,
straightforward and unafraid.

Grant that we may realize it is
the little things that create differences,
that in the big things of life we are at one.

And may we strive to touch and to know
the great, common human heart of us all.
And, of Lord God, let us forget not to be kind.

—Mary Stewart

A friend is one who shared with me
The bright sun or the gloom.
A friend is one with love to spare
Because the heart has room.
A friend will share a silver thought,
Discuss a golden dream,
Or hold my hand and understand
The silences between.
A friend is one whose faith in me,
Like yours, will never end,
And so today, I proudly say,
"I'm glad to know you, Friend!"

President's Message

I am looking forward to seeing each of you at our October meeting. We have changed our meeting to a dinner meeting, so that those of you who work can come to the meeting.

We had eight members present at our September meeting. It was a good meeting and we enjoyed it, but if our attendance doesn't pick up and we don't get more participation in our projects and meetings, we are going to have to consider disbanding the club.

Thanks to Anne, Marie and Rachel for completing the scrapbook for the Fall District Meeting. Also thanks to Belva for doing the yearbook again and Marie for the newsletters.

I'll see each of you at my home for our October meeting.

What is Global ReLeaf?

Global ReLeaf is a national education, action, and policy campaign of the American Forestry Association aimed at improving the earth's environment through more and better trees and forests.

Global ReLeaf challenges people everywhere, from individual citizens to national leaders, to take positive action in reaching new goals:

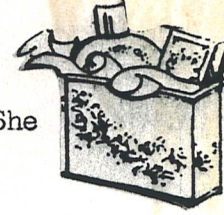

- Expanding the area of forests in both urban and rural settings;
- Reducing deforestation everywhere, particularly in the tropics, where it is most serious today;
- Assuring that all forests are maintained in as healthy and productive a condition as possible;
- Advocating strong community forestry programs to reduce energy demand, increase cooling, and cut air pollution;
- Reducing dependence on fossil fuels and controlling pollution from the fuels we use;
- Enacting effective legislation and researching technologies to address these issues.

This is a very troubled time for our nation and I know that each of you along with me are praying for an end to the war and for peace to be with us very soon.

It is with a sense of pride that I look forward to seeing each of you at our February meeting.

Community Improvement Project - Frances

We have only three more months until the drawing for our Archdale-Trinity Historical Quilt. As of today we have \$688.89 in savings for this project. This represents \$355.00 from the Bush Hill Heritage Festival, \$22.00 from the Tour of Homes, \$150.00 from library board members, \$154.00 from club members, and \$7.89 interest.

Our club has not had a community improvement for several years and now is our opportunity to shine. If you haven't sold your tickets I encourage you to get busy.

Astonishing Environmental Facts

Every two weeks, Americans wear almost 50 million pounds of rubber off their tires. That's enough to make 3- $\frac{1}{4}$ million new tires from scratch.

An estimated 14 billion pounds of trash are dumped into the sea every week.

Home Life - Joyce

Rachel and Frances will be taking birthday gifts to the Golden Age Club members this year. If you have small articles you would like to give for this project, please bring them to our March meeting.

April 7th is World Health Day. In observance of this I hope we will think about some changes in our habits that can help us have a healthier, better life. We should try to get enough exercise, eat the right foods, manage stress, get plenty of rest and relaxation, and have a positive attitude.
